

Child and Family Therapist – Full Time

Madison Psychiatric Associates

5534 Medical Circle

Madison, WI 53719

Phone: 608-274-0355 Fax: 608-274-5546

Madison Psychiatric Associates (MPA) is a busy, established private group practice with locations on the west and east side of Madison, WI. We are looking for an additional full-time licensed therapist (APSW, LCSW, LPC, LMFT, LPCC, LICSW, PhD) to provide outpatient therapy services to children and families. Candidates must be independent, driven, collaborative, and enhance our fun, connected, and positive-minded group of clinicians. Expertise in working with children, teens, young adults, parents, and/or families is a must.

Benefits of practicing at Madison Psychiatric Associates include:

- Affiliation with the longest established private mental health practice in Madison with access to its referral base and cross-referral with MPA clinicians
 - 25+ colleagues onsite available for case consults, resources and tips to starting up your private practice. The practice is currently comprised of psychiatrists, psychologists, licensed professional counselors, social workers, and marriage and family therapists.
- Highly trained and community connected support staff (15+ individuals) comprised of working teams in Reception, Billing, Intake Coordinators, Medical Assistants overseen by the Clinic Director.
 - In addition to serving private pay clients, all clinicians are part of established group contracts with major commercial insurance companies (subject to acceptability of credentials)
 - Administrative staff coordinate credentialing, malpractice coverage and annual updates
- Large office space in well-located, well maintained professional office building with ample private parking at no cost. We have locations on the west and east side of Madison and clinicians are welcome to practice at both, subject to office availability.
- Behavioral Health EMR provided
- Position is employee status (W2)

Qualifications (required unless stated otherwise):

- Degree in social work, psychology, counseling, or other related degree required for licensure
- Current Wisconsin license in good standing (APSW, LCSW, LPC, PhD, Etc.).
- Excellent clinical skills in the treatment of all major childhood psychopathology
- Experience with the following is preferred:
 - Preschool age children
 - Autism spectrum disorder (individual and family work, not ABA)
 - Early childhood development, including attachment disorders
 - Family dynamics and families affected by trauma
 - Experience in behavioral intervention and play therapy is a plus.
- Bilingual (English and Spanish) desired, but not required

Interested in having the flexibility to schedule and practice how you choose while having the support of a well-established private practice?

Please submit a copy of your cover letter and CV to:

- a. Email: Carlee@mpamadison.com
- b. Mail: Madison Psychiatric Associates, 5534 Medical Circle, Madison, WI 53719

All applications will be reviewed upon receipt. Select applicants will be invited for an initial question/answer style interview. NOTE: Candidates that do not meet the qualifications listed will not be contacted. Please review them carefully as we wouldn't want you to put effort into your application materials if you don't meet qualifications.

We are an equal employment employer. We are committed to providing equal opportunity to all applicants and employees in full compliance with all applicable state and federal laws prohibiting discrimination based on race, color, sex, religion, national origin, disability, veteran's status, or any other class protected by applicable state or federal law.
